PROFILE

A distinguished mathematics teacher, And expert mathematics teacher at the Egyptian Ministry of Education, graduate from the Faculty of Education, Mathematics Department, Al-Menoufia University, specializing in mathematics curricula and teaching methods. I obtained a professional diploma in mathematics planning and development, special diploma in education, specializing in mathematics curricula and teaching methods. and I registered for a master's degree. During my studies and teaching of mathematics, I try make mathematics simple and meaningful by linking it to life, reality and international standards, and not make it an abstract subject that is difficult to understand and meaningless.

I love teaching mathematics, I have good experience in it ,I work in different schools. I have good knowledge of school life , its various activities, I adhere to its rules , adhere to its principles, plans and paths. do multitasking
